Daniel S. Krakower has spent his entire 20+ year career as a business lawyer at Shulman Rogers. He negotiates and documents many forms of business transactions, including, mergers and acquisitions, debt and equity financings, joint ventures, strategic partnering, and the development, protection and exploitation of technology and proprietary rights. He also advises individuals and businesses on entity formation and structuring issues and business planning matters.

Mr. Krakower's substantial business transaction experience includes several mergers and acquisitions having transaction values ranging from \$10 million to in excess of \$100 million, numerous private placement equity financings in excess of \$5 million, and joint venture development projects in excess of \$150 million.

Mr. Krakower often serves businesses in a "general counsel" type role by gaining an understanding of the business and establishing relationships with key personnel, which allows him to not only react to legal issues that may arise, but to also be proactive in helping the business avoid potential legal issues.

From his service as a volunteer board member and general counsel to various charitable organizations in the Montgomery County, Maryland community whose missions include the prevention of alcohol and substance abuse, and the promotion of health and wellness, Mr. Krakower has also gained substantial experience in tax-exempt organization law.
