

PAYDAY AT SHULMAN ROGERS

November 4, 2009

Shulman Rogers co-hosted (with Payroll Network) a roundtable at its Park Potomac offices last week. We snapped Payroll Network's **Tom Dudenhoefer, George Whitehouse, and Lizz Durante** flanking Shulman Rogers' **Fred Sommer and Michael Froehlich**. George advises employers to make sure employees are "not checking e-mail during **non-work hours** because it could cause issues with wage and hour laws." He also tells us that the DoL's Wage and Hour Division announced it's allotting an additional **\$30 million** to investigate and remedy **Fair Labor Standards Act** violations and hiring 300 more investigators.
