

Hospitality Law

Hospitality Law Group Serving National, Regional and Local Clients

Shulman Rogers' Hospitality Practice Group not only offer great legal advice, we offer business consultation and develop strategies to get the deal done. From determining appropriate performance standard clauses such as RevPAR and net income level of profitability to negotiating appropriate management and incentive fees, we know your business and the critical market terms that affect your capital flow.

Our representation includes all phases of the hospitality business, from strategic planning, due diligence, structuring, negotiating and final consummation to implementation and renegotiation. Our industry focus and experience enables us to provide first-class services to our clients in connection with their local and international investments and operations.
