

Land Use and Zoning

Land Use and Zoning Attorneys Serving Maryland and Washington DC

Shulman Rogers' Land Use and Zoning team is your business partner for simplifying state and local zoning and land use regulations and successfully advocating your project with state and local governments and local communities. Our goal is to have your project entitled, permitted, financed and constructed, timely and cost effectively.

Our unique team of professionals delivers sound counsel and creative solutions to achieve your time-sensitive goals by drawing upon decades of experience involving our numerous zoning and land use cases, state and local lobbying, and active community and industry involvement.

We welcome the opportunity to discuss how we could devote our expertise and experience toward reaching your objectives.

Our land use and zoning team regularly represents land owners, developers, lenders and other clients involving a range of issues including the following:

- Adequate public facilities
- Administrative appeals
- Administrative hearings
